Evaluation Notes:

Evaluation reports, delivered by our agency, are advisory reports prepared by professional evaluators based on comprehensive research with deep understanding of different educational systems around the world and in accordance with best practices adopted by our agency. Evaluation reports, prepared by our evaluators, do not substitute any professional Licensure and/or Certifications in the United States.

Assumptions:

- Conversion of foreign academic hours is calculated on the assumption that the average number of credits for one year of full time academic study in the United States for the majority of accredited higher educational institutions varies from 30 to 34 semester hours.
- Grade Point Average is calculated by dividing the total number of grade points by the total number of credits, not considering grades of pass (P).

Odessa National Academy of Food Technologies, founded in 1902 as a Technical College, is one of the oldest educational institutions in Ukraine. During its history the school went through a number of reorganizations. Subsequently the Institute has been renamed Odessa Technological Institute and then Odessa State Academy of Food Technologies. In 2002, the Academy was awarded a status of National and renamed Odessa National Academy of Food Technologies (ONAFT). ONAFT is a level IV institution of Higher Professional Education accredited by the Ministry of Education and Science of Ukraine. Number of students – over 10,000, teaching staff – over 500. The Academy offers undergraduate degree programs in over 50 majors. ONAFT maintains scientific, business, and academic relations with many foreign academic and research institutions in the field and participates in numerous international conferences and exhibitions.
